

Luxury apartments in the heart of
the Eixample neighborhood

DIPUTACIÓ 276

BARCELONA

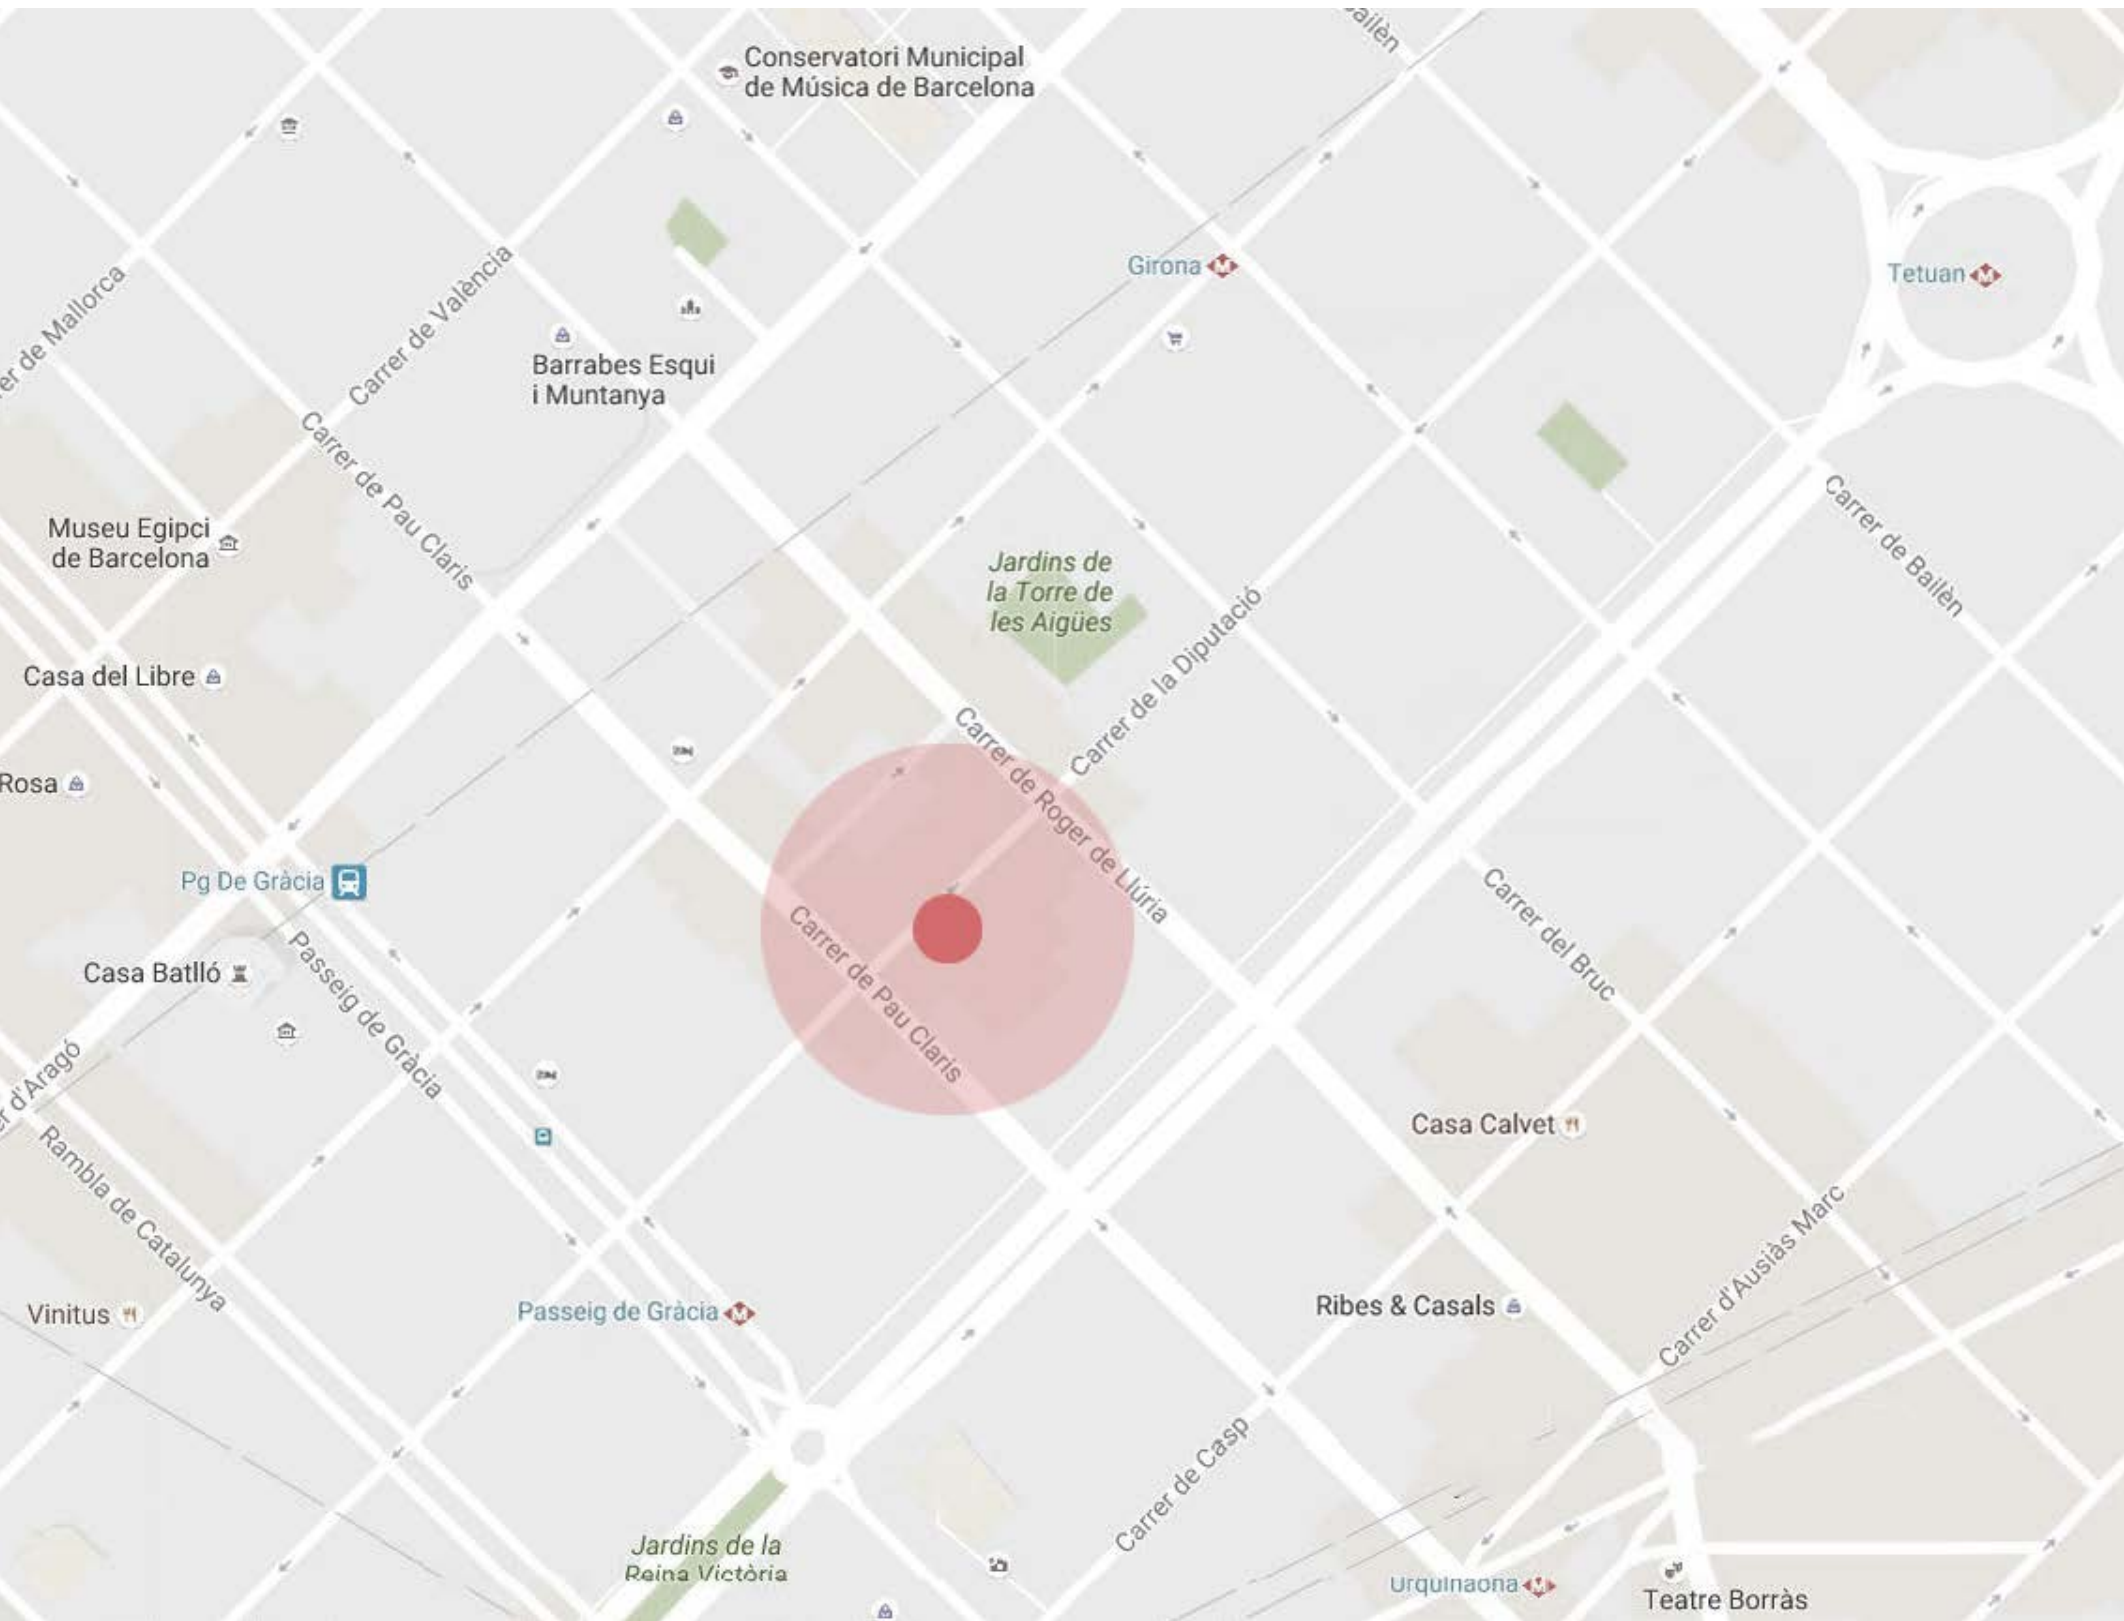

Exclusive apartments in Diputació street.

In one of Barcelona's most important streets, just a short distance from Passeig de Gràcia street, Plaza Catalunya, Pedrera, Casa Batlló, and a lot of shopping areas, these three new rehabilitated apartments with high quality finishes are located.

In one of the most known streets of the city and only 15 minutes walking from different iconic places of Barcelona, the apartments offer marvelous attractive and a great connection to pedestrians, bikes, vehicles and public transport with the rest of the city. We invite you to discover these three unique opportunities

in Barcelona's Eixample neighborhood

The building

It is a multi-family building between party walls, with a big entrance with an interior patio on the ground floor, and 4 storeys more for housing. It excels for the sensitivity in the rehabilitation carried out to date.

Thanks to the location and height of the building, its residents can enjoy great views: on one side the Diputació Street and on the other side Collserola Mountain. It also shares with other buildings an interior courtyard typical in the Eixample district of Barcelona.

Each apartment is unique

The three of the apartments that we offer in Diputació 276 are singular.

The apartments mix an exquisite interior design with the best quality finishes in order to create and elegance and exclusive feeling.

PENTHOUSE 1

The project focuses on light, spaces and materials.

It is a duplex with the day and night area in the first floor. In the day area we can find the kitchen, dining room and living room. In the night area we can find two double rooms, one of them is a suite. In the upper floor there is another suite, a small kitchen with a barbecue and and a big terrace with a swimming pool. The high quality of this exterior space allows to enjoy the good weather of the city.
